NEW FORD RAIDER BREAKAWAY.

The new Raider Breakaway is very capable when the going gets tough.

So any time you want to get off the beaten track, you can. But you don't have to leave the creature comforts behind when you leave the road.

For example, standard equipment on the Breakaway even includes an electric sunroof as well as one of the roomiest interiors in its class.

And 'Overlander', the authoritative off-road magazine, decided that, compared to its nearest competitor, Raider offered better performance, better fuel economy, better four wheel drive ability and better value for money.

So that's the story in words.

But of course, it gets far more exciting when you get into a Breakaway and actually drive it.

Which you can do as soon as you feel the urge to break away.
